various stages of development in a country (Tabuchi, et al, 2002) As Tables 1 and 2 show, developing countries have experienced relatively rapid rates of urban population growth or urbanization, and migration in the post-World War II period In particular, migration of the labor force from rural to

### **Urbanization of poverty 2006 - GTAP**

“urbanization of poverty” — by which we mean a rising share of the poor living in urban areas — has been viewed in very different ways by different

observers To some it has been seen as a positive force in economic development, as economic activity shifts out of agriculture to more

### **Agricultural Adaptation to Urbanization in Southeastern ...**

The Effects of Urbanization on Agriculture It is widely recognized that in addition to the direct effect development has on agriculture, ie, the loss of land that had been in agricultural production, development also affects the remaining agriculture indirectly (Berry 1978, Berry and Plaut 1978, Plaut 1980, Lopez et al 1988, Lockeretz 1989)

### **APPROACHES TO SUSTAINABLE RURAL DEVELOPMENT IN A ...**

APPROACHES TO SUSTAINABLE RURAL DEVELOPMENT IN A PREDOMINANTLY NON-RURAL REGION In 2000-2013 employment in rural areas was essentially lower in comparison to cities There is an overall growth of employment rate, observed both in rural and urban areas in 2000-2013, however the growth rate for urban areas is threefold bigger, than in the rural ones

### **The Changing Geopolitics of Agriculture**

- With population growth, urbanization and broad-based economic development, growth in many low-income countries' food consumption will outstrip their production capacity
- There is a huge need for investing in agricultural and rural development, but no matter how much they invest in developing their agriculture, many
